General Bookkeeping is the Key

Staying Current Every Month

General bookkeeping is essential to an efficient and productive business. From bank reconciliations to accounts payable and receivable, small business owners and independent contractors need to know where their money is at all times. AccuCounting Services will create a customized bookkeeping plan to perfectly suit the needs of a business or individual, on site or in our Westchester County, NY offices.

Services include:

- Accounts Payable (Entering & paying bills)
- Accounts Receivable (Receiving income payments & making deposits)
- Payroll (In house or outsourced)
- PR Tax Preparation
- Sales Tax Preparation
- Bank Reconciliation
- Data Entry
- General Ledger Construction
- Financial Reports (Including variations on worksheets)
- Tax Returns (Individual & Business)
- Communication with customers, vendors or government entities

Data Transfer Solutions

Data Transfer Troubles?

Does it take you or a staff member hours to re-enter the same data from one system to another? Our partner designs custom solutions to save hundreds of hours per year (sometimes per month!). Just click their logo for more info or click here to shoot them an email:
